Fair Deal Advice

At **Care Home Consultancy**, we pride ourselves on being the leading experts in **Fair Deal Advice** and supporting families in finding the most appropriate care home solutions for their loved ones.

This year we've partnered with a wide range of professional organisations including solicitors, accountants, and financial brokers to help their clients successfully navigate the complexities of the **Fair Deal Scheme**. These collaborations have ensured that families can make informed, cost-effective decisions when arranging long-term care.

Trusted Partners

It's been a pleasure to collaborate with a variety of businesses throughout 2025, providing their clients with expert guidance on the **Fair Deal Scheme**.

In July, I had the opportunity to meet with Mark and the wonderful team at **Symmetry Financial** to discuss both the scheme and the services we offer. It was a real pleasure to connect with them in person and share insights that can help support families.

Irish Independent Articles

I was delighted to offer the readers of the Irish Independent with advice on the **Fair Deal Scheme** with two separate articles... see articles below.

Webinars

In Q2, I was delighted to host a series of webinars focused on explaining the **Fair Deal Scheme**, along with offering advice and answering some of the most common questions I regularly receive. The response has been overwhelmingly positive, with attendees finding the sessions both helpful and informative.

Due to the strong interest, I'm pleased to announce that more webinars are planned for September and October and they will remain completely free to attend.
